Jan:

Do you have my responses from last June on these topics? I would like to use those as a starting point for my response?  
Thanks much,

Ed

**Subject:** Questions for March 2nd Bunker Hill CTP Partnering session

Greetings Project Team!

I am looking forward to meeting and working with you all at the upcoming Bunker Hill CTP Partnering session on March 2, 2017. You may recall the email I sent out in preparation for the partnering session scheduled for last June. Since that time, there may be some new or more urgent issues you would like to see covered at the upcoming session. I am including the questions below for your response.

I know that most if not all of you have participated in Partnering on previous projects. Good Partnering is a key indicator of good project outcomes and requires an investment of both time and open and honest communications to achieve the trust needed for project success. As a facilitator it is my practice to reach out in advance for input that will help ensure we focus on the right things and use our time well. The questions below will help me plan for our session. Please reply with your thoughts at your earliest convenience. I will keep your identities confidential, focusing on the themes that emerge.

Thanks in advance for your engagement - I look forward to meeting you soon!

Jan
